

Staying Afloat After a Disaster

Recovery Planning for Small Businesses

Whether we are talking about the current economic disaster, pandemics, or recovery after an earthquake, small businesses need to stay open with limited resources and increased demands. Join us for a **FREE** workshop that will provide –

- ✓ Experts who will help you complete your own business disaster recovery plan
- ✓ One-on-one Q&A session with seasoned emergency managers
- ✓ Recovery plan templates and tools tailored for small businesses
- ✓ Information on the role of government in disaster - what they are responsible for, what you can expect from them & what is expected of you
- ✓ Opportunities to network with other local small businesses
